

## **PORTLAND NURSERY AND PRIMARY SCHOOL: THANK YOU NOTE TO OUR SUPPORTERS**

The Director, head teacher, teachers, pupils and the community of Portland Nursery and Primary School would love to send their sincere gratitude to everyone who contributed towards the construction and improvement of the Portland School.

We would like to thank Beatrice Achieng Nas for all her efforts in moving the Portland School from studying under the trees into an actual school facility. Her tireless efforts are changing so many lives!

We would like to acknowledge Maarten Bastiaasen, who helped her with fundraising for the school's construction. We also thank all those who donated towards the construction and completion of the Portland school, to include Mi Corazon and Ms Ingrid van Thiel-Sluite, Bommel en Haalderen and Stichting LM Standard Supports of the Netherlands, Kara Lozier and The Mighty Fingers project/Kelly Sullivan.

Our children are learning a great deal, to include English speaking and writing, as well as art. Some of their work is included in this magazine.

Sincerely,

Okeya James, Headmaster Portland School
